

Omnia Is #1 in New York City

WLTW-FM, Highest Rated Station in U.S., Processes with Omnia

13 January 2003, Cleveland Ohio, USA

In New York City, the US' largest market, Number One-rated WLTW-FM relies on Omnia audio processing to help stay on top. The Fall 2002 survey marks the fifth straight ratings period dominated by Clear Channel's WLTW, increasing their lead to nearly two full percentage points (as reported by Radio & Records).

"We're really happy to see WLTW enjoying their victory," says Omnia Audio President Frank Foti. "We hear more Omnia success stories every day... top stations in the world's most competitive markets are upgrading to Omnia to help them maintain dominance. In New York alone, 8 of the Top 10 FM stations process with Omnia."

Recently, data from surveys conducted in Arbitron's Top 10 Markets revealed that a majority of the nation's highest rated FM stations (according to the Spring 2002 ARB, Mon-Sun 6a-Mid, 12+) have upgraded to Omnia audio processing. Please visit www.omniaaudio.com for more information.

Omnia, a Telos company, is world-renowned for its digital audio signal processing expertise. Omnia audio processors for FM, AM, TV, HD Radio & DAB, Internet, and audio production are setting new standards for professional audio quality.

Telos Systems, headquartered in Cleveland, Ohio with offices in Europe and Canada, is a leading manufacturer of ISDN, coded audio and telephone interface products for talk-shows, teleconferencing, audio production, remote broadcasts, and intercom applications.
